Bachelors of Computer Engineering

Universal Engineering and Science College

Chakupat, Lalitpur

Oct, 2019 - Aug, 2024

PROJECTS

Pumori Enterprises

Transformed a legacy desktop-based core banking application into a modern web platform, improving accessibility, performance, and security. Implemented responsive UI with React.js and optimized workflows to enhance user experience and operational efficiency.

Enterprises Resource Planning

Contributing to the development of ERP modules, building features to streamline inventory, purchase, sales, and manufacturing while supporting client requirements and improving workflow efficiency.

Finmax Salesapp

Worked on the Finmax SalesApp UI, contributing to the design and development of new modules, implementing key features, and enhancing functionality.

Hotel Management System

Implement the UI design and contribute to the development of a Hotel Management System, building modules to manage bookings, check-ins, and multiple operations while ensuring a user-friendly and client interface.

Vijaya Laghubitta Bittiya Sanstha Ltd.

Developed a secure and responsive financial website using React.js and Bootstrap, ensuring smooth navigation and an optimized user experience tailored for banking services.

TRAINING/CERTIFICATIONS

Dursikshya Educational Network

Completed an intensive 3-month MERN stack training program, gaining hands-on experience in MongoDB, Express.js, React.js, and Node.js.

SKILLS

HTML5, CSS3, Bootstrap, JavaScript, ES6/7, ReactJs, Nextjs, ReactNative, TypeScript, Version Control Tools (Github, Gitlab), Teamwork and collaboration

LANGUAGE

Nepali, English, Hindi
